EXTECH INSTRUMENTS ANNOUNCES 400A MINI DC CLAMP METER

Single function, easy to operate, DC only clamp meter

Extech Instruments, a major supplier of test and measurement equipment for the industrial marketplace announces a new, single function, DC only 400A clamp meter. Easy to set up and operate, it offers the best value in DC clamp meters available in the market today.

This low maintenance, single function DC clamp meter is the latest addition to the broad Extech clamp meter family and is designed specifically for use in automotive, heavy equipment and related industries operating on direct current. The DC400 focuses only on measuring DC Current up to 400 Amps with a 3.5% basic accuracy and high resolution to 0.01 Amp. Features include overload protection, auto power off to save battery life, and one touch "Auto Zero" to compensate for zero offset. A custom fit rubber holster protects the meter and gives it extra durability as well as providing a better grip. It offers a safety rating of CAT II-600V with CE approval mark. The jaw extends to 1.2" accommodating large diameter conductors. Its compact size adds convenience in making measurements in tight locations (dimensions/weight: 8.2x1.7x1.2"/10.2oz). Comes complete with protective rubber holster, wrist strap, belt holster pouch, and 9V battery at an affordable price of \$99

About Extech Instruments

Headquartered in Waltham, Massachusetts, Extech Instruments is one of the largest suppliers of test and measurement equipment worldwide. Founded in 1971 Extech is known for its depth and breadth of products and its innovation in providing instruments with unique combinations of features that make them highly useful and very convenient.

The company is comprised of two divisions and is ISO 9001 2000 certified. The Instruments Division which designs and supplies handheld test and measurement instruments, offers a depth of products in over 14 major product lines applicable in a wide variety of markets. The Data Systems Division manufactures and distributes custom portable receipt printers. Both the test and measurement instruments and the portable printers are distributed worldwide through leading representatives, distributors and OEMs.

For further information about the Extech Instruments and its products, call 781-890-7440 or visit www.extech.com.
